

Fulfilment by Daraz Portal - Overview

Fulfillment By Daraz

- **Fulfillment by Daraz or FBD** is a hassle-free solution provided by Daraz for its sellers, an **end to end fulfillment service** whereby we **store, pick, pack and ships products** on the seller's behalf directly from our network of Daraz Fulfillment centers (Warehouse)
- In this presentation, you will learn about **Fulfillment by Daraz service** and the platform called **Daraz Supply Chain Management Portal**
- The DSCM portal contains various aspects of **managing seller inventory** which is stored at Daraz Warehouses

How To Access FBD Portal?

To access the FBD Portal:

Log in to the Seller Center with your **registered login ID & password**

Step 1: Click on the **Products Tab**, and then click on **Fulfilment by Daraz**

By clicking on the Fulfillment by Daraz option, you will be redirected to the **Daraz Supply Chain Management Portal**

The screenshot shows the Daraz Seller Center dashboard. The top navigation bar includes the Daraz logo, language selection (Pakistan English), and menu items: Products, Orders, Promotions, Store, and Finance. The 'Products' menu is open, showing options: Manage Products, Add Products, Media Center, Manage Images, and Fulfilment by Daraz (highlighted with a red box). The dashboard content is divided into three main sections: Performance, Operation, and Message Center. The Performance section includes metrics for Shipped on Time, Cancellation Rate, Return Rate, Product Rating (1.0), Response Rate (0.00%), and Response Time (min) (0.00). The Operation section displays New Products (Total 30), Rejected products (total) 1, Rejected products (Miss Product Image) 2, Approved products 27, Pending products -, Pending Orders (Total 50), and Pending Return Orders (Total -). The Message Center section contains notifications for Instant Messaging at Daraz, Changes in Seller Scorecard, and Share your experience! A 'show more' link is visible below the notifications.

FBD Homepage

You will now land on the **Daraz Supply Chain Management portal**

Please note: If you are unable to find the option of FBD in the products tab, immediately reach out to **Daraz Seller Support** and get the issue resolved

On the FBD homepage, you will be able to view **various dashboards** that will provide you with **key data about your FBD products** and the business derived from these products

FBD Portal - Dashboard

The Dashboards includes:

1. **Open Inbound Order:** View the number of Inbound Orders that are approved or accepted but yet to be inbounded at Daraz Fulfillment Center
2. **SKUs below Minimum Alert Threshold:** View the number of SKUs at Daraz Warehouse that have low stock - set by the seller as per his requirement
3. **Send to Warehouse:** View the status of the Inbound Orders which have been received by Daraz Warehouse
4. **Customer Orders:** View the number of orders received on only your FBD products
5. **The trend of Customer Orders:** View the performance of your FBD Products on day to day basis.
6. **Return from Warehouse:** View the status of your Outbound Orders
7. **Announcements:** View the latest announcements related to FBD

FBD Portal Overview

Products Tab

To the left of your screen on the FBD homepage you will also be able to see various sections which will guide you to different aspects of your business related to FBD

Under the product tab you will be able to see two tabs:

1. Manage Platform Products – Here you can view a complete list of SKUs that you have created on Seller Center & their status

The screenshot shows the 'Manage Platform Products' interface. The sidebar on the left contains navigation options: Home, Product, Manage Platform Product (highlighted with a red box and a '1' icon), Manage Fulfilment SKU, Orders, Manage Reverse Order, Inventory, Send to Warehouse, Return from warehouse, Analytics, Sales Report, Live Inventory, Inventory Reconciliation, Expiry Date Report, Inventory Aging Report, and Serial Number Report. The main content area has a search bar with filters for Platform SKU, Platform SKU Name, Seller SKU, Fulfilment SKU, and Ready for Inbound. Below the search bar is a table of Platform Products. The table has columns: Platform SKU, Seller SKU, Fulfilment SKU, Marketplace, Status in ASC, Ready for Inbound, and Action. The first product is 'RJ cream' with a 'Create Fulfilment SKU' button highlighted in a red box. Other products include 'B2-Bunle', 'tshirt for boys', 'B2-Bunle', 'B1-Bunle', 'service product, pls do not buy it', and 'test promotion 01'.

Platform SKU	Seller SKU	Fulfilment SKU	Marketplace	Status in ASC	Ready for Inbound	Action

FBD Portal Overview

Orders Tab

Under the orders tab you will see:

1. Manage Reverse Order – Here can you view all the information and details regarding returns or delivery failed orders of your FBD products

The screenshot displays the Daraz FBD Portal interface. On the left is a dark purple sidebar with navigation options: Home, Product, Manage Platform Product, Manage Fulfillment SKU, **Orders** (highlighted with a red box and a '1' in a circle), Inventory, Analytics, Sales Report, Live Inventory, Inventory Reconciliation, Expiry Date Report, Inventory Aging Report, and Serial Number Report. The main content area shows the 'Manage Reverse Order' tab selected. At the top, there are search filters for Warehouse, Reverse Order No., Tracking No/Return Order, Status, Customer Order No., Platform SKU, and Created Time. Below the filters, a summary bar shows 'Reverse Order (19)' with sub-categories: All(19), Failed Delivery(3), and Customer Return(16). The main table lists 10 reverse orders, all with a status of 'Completed Rebound'. The table columns are: Reverse Order No., Warehouse, Customer Order No., Type, # of Items, Status, Created Time, and Action.

Reverse Order No.	Warehouse	Customer Order No.	Type	# of Items	Status	Created Time	Action

FBD Portal Overview

Inventory Tab

Under the inventory tab you will be able to see two tabs:

1. Send to Warehouse: If you want to send your products to the Daraz Warehouse, you will have to create an inbound order (IO) here. You may also view the products already in IO and their current status

The screenshot displays the 'Send to Warehouse' section of the Daraz Supply Chain Management portal. The sidebar on the left highlights the 'Inventory' tab, with a sub-tab 'Send to Warehouse' selected and marked with a red '1'. The main content area features a search filter for 'Send to Warehouse' with 106 total items, and a table listing various inbound orders with columns for Inbound Order No., IO Status, Created Time, Estimated Time, Inbouded Time, Inbound Warehouse, Delivery Type, # SKU Requested, # SKU Approved, # SKI, and Action.

<input type="checkbox"/>	Inbound Order No.	IO Status	Created Time	Estimated Time	Inbouded Time	Inbound Warehouse	Delivery Type	# SKU Requested	# SKU Approved	# SKI	Action

Analytics

Expiry Rate Report: View the complete data regarding when and after how long your products are expiring (this is only applicable if you have submitted perishable items to be stored at Daraz Warehouse)

The screenshot displays the Daraz FBD Portal interface. The sidebar on the left contains navigation options: Home, Product, Orders, Inventory, Analytics (highlighted with a red box and a '4' in a circle), Sales Report, Live Inventory, Inventory Reconciliation, Expiry Date Report (highlighted with a red box), Inventory Aging Report, and Serial Number Report. The main content area shows the 'Expiry Date Report' tab selected. The report title is 'Expiry Date Report (4)'. Below the title is a search filter section with fields for Inbound Order, Fulfilment SKU, Inbound Batch, Warehouse, and Expiry Date (Start date - End date). The search button is orange. The table below has the following columns: Fulfilment Product, Inbound Order, Inbouded Time, Inbound Batch, Manufacturing Date, Expiry Date, Remaining Days, Warehouse, Inventory Type, and Inventory in Warehouse. The table contains 4 rows of data. The first row is for 'Pkbms3 Edit Check' with a remaining days of -163. The second row is for 'pdptest' with a remaining days of -241. The third row is for 'pdptest' with a remaining days of -250. The fourth row is for 'pdptest' with a remaining days of -288 and an inventory type of 'Defective'. The bottom right of the table shows a pagination control with a red box around the number '1' and a dropdown for 'Items per page: 20'.

FBD Portal Overview

Analytics

Serial Number Report – This tab will show you the complete data of your FBD products according to their serial numbers

The screenshot displays the 'Serial Number Report' interface in the Daraz Supply Chain Management portal. The sidebar on the left includes navigation options: Home, Product, Orders, Inventory, and Analytics (highlighted with a red box and a '6' in a circle). The main content area features a search filter section with fields for Fulfilment SKU, Fulfilment SKU Name, Seller SKU, Warehouse, Serial Number, Has Stock, and Inventory Type. Below the search filters is a table titled 'Serial Number Report (11)' with columns: Fulfilment Product, Seller SKU, Serial Number, SN Tracking Log, Has Stock, Inventory Type, Warehouse, and Sales Order/Delivery Time. The table contains 11 rows of data for 'Pkbms3 Edit Check' products.

Fulfilment Product	Seller SKU	Serial Number	SN Tracking Log	Has Stock	Inventory Type	Warehouse	Sales Order/Delivery Time
Pkbms3 Edit Check 100291039_PK-1226627028	Pkbms3	4343	IO Received	Yes	Good	DRZ PK - Karachi
